THE SPA PRODUCTS

L'EXPÉRIENCE ANNE SEMONIN

“Because each skin is unique”, every Anne Semonin programme is customised and starts with a personal interview and a diagnosis of your skin. Your beauty therapist will create your own “beauty prescription”, depending on the needs of your skin at that time, and your lifestyle.

The Anne Semonin treatment collection combines an ingenious blend of aromatic essential oils, trace elements and marine ingredients with the classic French touch and a holistic approach to treating the individual needs of your body and skin. Anne Semonin treatments are designed to be “tailor made” and will not only revitalise the skin, but energise and balance the mind and spirit, providing total relaxation.

After your spa experience, a simple Anne Semonin regime is carefully prescribed, whereby the therapist will recommend how to customise products to create perfect blends for optimum efficiency. This can then be carried out at home on a daily basis.

THERMAL SPA SUITE

Experience our signature journey with the use of the hydro jets pool followed by the thermal spa suite. Combine the healing properties of the water and the effects of the movement from hot to cold on the human body and mind. A feeling of wellbeing will promote a healthier and happier life.
